**WHERE:** Board of Supervisors Meeting  
Navajo County Governmental Complex  
100 East Carter Drive  
Holbrook, AZ 86025  
(928) 524-4000

#### **About the loan and grant**

The WIFA Board of Directors has approved a \$35,000 hardship grant to Fawn Brook Wastewater Improvement District to form a domestic wastewater improvement district. District formation will allow the community to convert from individual home site septic systems to a sanitary sewer system. The grant funds assisted Fawn Brook in completing the legal and technical steps necessary to form a district and complete preliminary assessment and construction plans.

The WIFA Board of Directors has approved a \$577,578 low-interest loan to Pineview Water Company to complete a gravity flow system. The 12 inch line was installed and the second ring on the tank is being built. The first of three wells was recently drilled. The Company provides drinking water services to residents on the south end of Show Low, on the north end of Lakeside and unincorporated areas of the county.

#### **ABOUT THE WATER INFRASTRUCTURE FINANCE AUTHORITY OF ARIZONA**

The Water Infrastructure Finance Authority of Arizona maintains and improves water quality in Arizona by providing communities and private water systems with access to low-interest financial assistance and technical assistance needed for basic water infrastructure. WIFA's funds are capitalized by contributions from the US Congress and the state of Arizona. As a leader in water infrastructure finance, WIFA has become a premier financial institution both in Arizona and nationally. Visit WIFA's Web site at [www.azwifa.gov](http://www.azwifa.gov).
